Business partners and new opportunities pushing you to share data electronically? Customers wanting to send orders digitally? Merchants, Vendors and Sales Channels pressing for real time inventory and shipping information? Looking to do EDI? Want to get connect to the omni-channel to expand your ability to sell? How can digital commerce help you win vs. your competition?

For integraSoft customers that handle numerous transactions, using integraEChannel can save you money, improve your company's speed, accuracy and efficiency, and help you make more informed strategic business decisions. Exchanging documents electronically improves transaction speed and visibility while decreasing the amount of money you spend on manual processes.

TRADING PARTNERS – EDI

integraEChannel's EDI components are an innovative complete solution enables companies to get started with an affordable price point through an annual managed service subscription. This can be scaled up or down based on business needs. No additional third-party products to license, learn or operate. integraSoft provides the following services for purchase to support EDI solutions with trading partners:

- Partner Connection – Direct to partners or using 3rd party solutions such as SPS Commerce, GXS or York Worldwide Technologies.
- Customized Document Mapping: 810 Invoice, 850 Purchase Order; 855 Purchase Order Acknowledgement, 856 Advance Ship Notification and 867 Product Transfer

ONLINE MARKETS

Get connected to big chain online markets such as Amazon.com, Walmart.com or eBay to receive orders automatically into integraERP. Connect direct or through 3rd Party Omni-Channel managers. Share inventory availability and pricing back to the marketplace.

DOCUMENTS

Documents shared by customers or created internally can be used to load orders quickly using integraEChannel. integraSoft services are available for purchase to map Excel files, XML data and Flat File orders directly into integraERP.

SAVE MONEY

Expenses associated with paper, printing, reproduction, storage, filing, postage and document retrieval are all reduced or eliminated outright when you make the switch to digital transactions through eChannelManager, lowering your transaction costs. Errors due to illegible faxes, lost orders or incorrectly taken phone orders are eliminated, saving your staff valuable time otherwise spent handling data disputes.

SPEED, ACCURACY AND EFFICIENCY

eChannelManager can speed up your business cycles by exchanging transactions in *minutes* instead of the days or weeks of wait time from the postal service. Improve data quality, eliminate errors from illegible handwriting, lost faxes / mail and keying and re-keying errors. Using eChannelManager can reduce the order-to-cash cycle time, improving business partner transactions and relationships.
