

## Sell More Lower Costs Improve Satisfaction Reduce Errors Get Paid Faster

#### ACCURACY

The road to accurate bin counts begins with integraWMS Receive & Put Away. Don't lose a step or a sale by creating dependable numbers in your warehouse.

- Scan Product Barcodes
- Scan Bin Locations
- Display Product Images
- Capture and communicate Vendor Errors to purchasing

# **Receiving & Put Away with integraWMS**

#### LOWER COSTS WITH RECEIVING AND DIRECTED PUT AWAY

Accelerate Sales and stop wasting time, money, and energy in the warehouse. Post Accurate numbers real-time to customer service and your eCommerce site as soon as products hit the dock. Reduce overhead and costs through mobile automation of receiving, labeling, and put away.

#### EFFICIENCY

Turn that inventory faster! Enable customer service to know instantly when inventory is available for sale based on real-time updates from receiving.

- Real-Time Receiving Notifications
- Record and communicate receiving shorts and outages.
- Optimized Directed Put Away
