

integraShip

integraSoft has partnered with Shippo to help make shipping easier and more affordable. integraShip is the latest product from integraSoft aimed at improving the shipping experience and saving customers money. From small parcel to LTL shipments, integraShip prioritizes accuracy, speed, and ease of use. With its enhanced shipping features, integraShip gives users expanded shipping options, international shipping options, and easily generates Bills of Lading. Replace your existing shipping solution today!

integraShip adds additional shipping features within integraERP. integraShip is a part of integraWMS but can be run independent of full integraWMS.

ADVANCED SHIPPING FEEDBACK OPTIONS WITH INTEGRAERP

- ✓ Tracking information is automatically added to integraERP orders, making them readily available for customer service.
- ✓ Users can now choose options on a customer-to-customer level to override any pre-existing, company-wide defaults to do the following:
 - When to post freight back to an order or backorder
 - When to add additional handling charges, whether a flat amount, percentage, per-box amount, or more at the customer level.
 - When to set the approval flag on a customer-to-customer basis and what value to use.

LTL SHIPPING MADE EASY

- ✓ With integraShip, users can now automatically generate bills of lading, reducing man hours required.
- ✓ Use WMS Kiosk to:
 - Build shipments
 - Combine orders
 - Generate bills of lading
